OBJECTIVE

Seeking an opportunity in a fast growing organization so as to hone my technical skills in software engineering and data science and attain experience in real world projects while learning from the experts.

EDUCATION

Electronics and Communication Engineering | AAST – Cairo, Egypt
2017 – 2022
- Scholarship.
- GPA: 3.93.
- Top Student.

Electrical and Electronics Engineering | University of Northampton, UK
2018 – 2022
- Dual Degree with AAST.

High School | Thanawya Amma
2014 – 2017
- Total score: 97%

EXPERIENCE

Digital Transformation Analyst | InovaSys – Cairo, Egypt
JANUARY 2022 – PRESENT
- Part-time job along with college.
- Developing RPA solutions using UiPath.
- Studying and developing knowledge in Data Science and Machine Learning.

Intern | InovaSys – Cairo, Egypt
AUGUST 2021 – DECEMBER 2021
- Learning about Digital Transformation and its branches.

OGV Member | AIESEC – Cairo, Egypt
AUGUST 2019 – FEBRUARY 2020
- Managing outgoing global volunteers.

Contestant | ACM - ECPC – Alexandria, Egypt
2019

PROJECTS

Phishing Website Detection using Machine Learning | Graduation Project
- Used NLP
- Used ML Algorithms and ANN

Data Science Projects on DataCamp | DataCamp
- Predicting Credit Card Approvals
- Investigating Netflix Movies and Guest Stars in The Office
- The Android App Market on Google Play
- The GitHub History of the Scala Language
- A Visual History of Nobel Prize Winners

Image Classification using Neural Networks | Course Work
Sentiment Analysis in Python | Kaggle
California Housing | Kaggle
Responsive Web Design | freeCodeCamp
- Build a Survey Form
- Build a Tribute Page
- Build a Technical Documentation Page
- Build a Product Landing Page
- Build a Personal Portfolio Webpage

SKILLS

- Python
- Machine Learning
- SQL
- Data Analytics
- C/C++
- Data Structures and Algorithms
- Problem Solving
- AWS
